

Healdsburg Community Services Department

ATHLETIC FIELD USE GUIDELINES & APPLICATION

PURPOSE

The City of Healdsburg (City) develops and maintains parks and recreation facilities for the benefit of all the citizens of Healdsburg. The City, through its City Council, Commissions, and staff is first obligated to preserving its parks and recreation assets for the benefit of its citizens, now and in the future.

Secondary to these principals is the accommodation of requests for use of facilities by qualified user organizations (user groups). Use of facilities by such organizations is permissive and at the discretion of the City and its representatives.

The purpose of these field use guidelines is to establish policies and procedures that will preserve City athletic fields and facilities; ensure equitable allocation of facilities for use by organizations/individuals; and to provide safe and playable fields. These guidelines also include the Healdsburg Unified School District (HUSD) fields as the City schedules and maintain the HUSD fields as per a joint use agreement.

The guidelines provide rules and procedures for field scheduling and for facility operations and maintenance. In order to accomplish the stated goals, the Community Services Director, or his/her designee, will be responsible for field scheduling and operations in accordance with these guidelines while encouraging optimum cooperation among all user groups.

The policy will outline the responsibilities of users from the initiation of an athletic field reservation with the Parks & Recreation Department through post event activities. Under all circumstances, permitted user groups assume full responsibility for the actions of any groups/individuals using fields in accordance with their permitted use.

This document supersedes all previous athletic field use policies.

ATHLETIC FIELD USE APPLICATIONS / FIELD SCHEDULING

Athletic field use permits are issued through the Parks & Recreation Department. Field use requests are made by application (attached) and must be submitted and approved prior to field use.

Applications are accepted beginning November 15th for the following calendar year. Only complete applications will be accepted. Submission of complete application does not constitute a permit.

If more than one organization applies for the same day and time the City will encourage the parties to collaborate to come up with a mutually agreeable compromise. If the parties involved are not able to do so City staff will use the priority order outlined below when allocating fields.*

1. Field maintenance
2. Per the joint use agreement: City programs and activities (for City fields) / HUSD activities (school fields) and HUSD activities (City fields) / City activities (school fields)
3. Healdsburg based youth sports organizations
4. Healdsburg based adult sports organizations
5. Other users

*In recognition of the scheduling practices of Healdsburg Little League, April through mid-July dates at Recreation Park which remain open after the second week in February will be reserved until mid-March. After this time additional applications received for use of Recreation Park will be reviewed and field use permits will be allocated on a space available basis.

BI-ANNUAL MEETINGS

Bi-annual meetings will be held to discuss field specific issues such as maintenance schedules and expectations, league schedules, tournaments, special events, facility issues, and overall timelines for use. The meetings will coincide with the start of the scheduling period for spring/summer usage and again just prior to the spring program field usage. Meetings will be initiated by City and will include representatives from the field user groups. Each user group requesting athletic field reservations is required to assign a representative to attend the meetings.

PARK RULES & REGULATIONS

All park user groups/visitors are required to abide by the park and field use rules and City ordinances outlined in this handbook and in the application attached. Applicant is responsible for insuring that the rules and conditions for use are communicated to all coaches, players, volunteers and others associated with the organization’s use of the field(s).

PREVENTION & MAINTENANCE

Mid-November through January are reserved for field renovation and maintenance. During the remainder of the year the Community Services Director or designee, and/or the School Superintendent or designee, reserve the right to close fields at any time, for needed maintenance and repairs, or for any other purpose deemed necessary due to inclement weather, unsafe field conditions or to comply with the demands of any city programs, school programs or emergency requirements. In the event a field closure, permitted user groups will be notified in advance whenever possible and alternate field space will be arranged if feasible.

CHANGES TO PERMITTED USE

Permitted user groups are responsible for adhering to their approved/permitted schedule(s). Any cancellations and changes to permitted use must be communicated with the Parks & Recreation Department so that field schedules can be maintained completely and accurately. Acceptable methods of communication are emails or faxes to the designated staff field coordinator.

Unauthorized use of fields causes conflicts with routine maintenance and field use schedules and poses challenges in communicating quickly in the event of unexpected problems or field closures. Unscheduled/unapproved usage of a field or facility is grounds for revocation of a permit.

FIELD USE FEES

An \$96 application fee is due at the time that application is submitted. This non-refundable fee is applied to the total rental fee. Please see field use fees below. Minimum field rental is for 2 hours. Checks are payable to “City of Healdsburg Parks and Recreation Department.”
