FOR IMMEDIATE RELEASE:

June 15, 2016

Housing Action Plan - Public Open House

City of Healdsburg – June 15, 2016 – The City of Healdsburg will host a drop-in Open House on Wednesday, June 29th to share the recommendations of the Community Housing Committee, and receive community input on the City's first Housing Action Plan.

The Housing Action Plan accompanies the proposed Growth Management Ordinance amendment and will serve as the City's strategic plan for all issues related to Housing over the next six years (2017-2022). The Housing Action Plan will direct residential growth and shape new housing in our community, while demonstrating the City Council's commitment to creating more diverse and affordable housing opportunities within a system of managed growth. This will be accomplished by setting a vision for housing in Healdsburg by 2022, and establishing clear and measurable objectives and recommendations for what needs to be completed to achieve that vision.

The objectives of the first Housing Action Plan for Healdsburg include:

- Building more deed-restricted Affordable Housing in our community,
- Facilitating development of more secondary dwelling units which are affordable by design,
- Building middle income housing that is affordable to working families,
- Encouraging development of rental housing units, and
- Encouraging mixed product types and creative density projects including small lot, cottage court units and multi-family housing units.

Implementation of the Housing Action Plan is predicated upon voter approval of the Growth Management Ordinance amendment which will be considered on the November ballot. To learn more about the Housing Action Plan and to give your input, please attend the drop-in Open House on June 29th between 6 PM – 8 PM at the Council Chambers at City Hall, 401 Grove Street, Healdsburg. **Healdsburg residents are encouraged to attend this meeting and continue the discussion about 'housing our community'.**
